From the Principal

Grade 3 and 4 Camp
The Grade 3 and 4 children had a fantastic time at Phillip Island last week. There were plenty of stories about conquering their fear of heights on the giant swing, finding their way out of a maze and the beach visit was also a highlight. Once again a huge thank you to the staff and parents who attended the camp.

Junior Playground
The Junior Playground will be out of bounds for a couple of days from Monday 1st August as we are updating and revamping the playground equipment. Thank you to the PPA for funding this project.

Parent Opinion Survey
A reminder to the parents who received a Parent Opinion Survey that the surveys need to be returned to the school office by Friday 29th July.

Preps 100 days
The Preps celebrated 100 Days of School on Wednesday. The day was full of fun with dress ups, revisiting the letter land characters and other ‘100’ themed fun activities.

CALENDAR

September
Tuesday 6th - Friday 9th
Grade 5/6 Camp

Save the Date
Friday 21st October
School Ball

General Information
Student Banking Day - Tuesday
Chickens in Grade 3 and 4
The chicks in the Grade 3/4 area are doing very well, they are even feeling the winter cold gathering together under the warm lamp. The children are doing an amazing job looking after the new additions to the hub.

T-Ball Team
Congratulations to the T-Ball A team who played in Divisional Finals on Wednesday. The team won their first 2 games, however, lost their final game. A fantastic effort coming 2nd in Southern Region. The team: Flynn Gaywood (captain), Flynn Grift, Jack McCurdy, Jack Pyke-Simmons, Eli Dyson, Ethan Imbriano, Ethan Lasker, Luke Pyke-Simmons, Ewan Kaye, and Luke Le.
Thank you to their coach Andrea Smith and the parents who drove the kids to each finals match: Jo Pyke-Simmons, Jo Owen and Faye Harris.

Senior Girls Football Team
Congratulations also to the Grade 5/6 Girls Football team who were undefeated in the Football Round Robin on Monday. The girls play in the Regional Finals next Thursday.

MYTERN
You can’t always MAKE things happen -

We often spend a lot of time and energy trying to force things to happen. With children it may be wanting to make friends quickly; getting a new pet or a new bike; or being asked to sleep over at a friend’s house. With adults it could involve wanting a new job; a bigger house; a new car; or that long awaited overseas holiday. The trouble is that while we concentrate on trying to make something happen, we often miss out on appreciating what we already have.

Family activity: Discuss examples of when you have tried to make something happen at the expense of appreciating now. Emphasise the importance of appreciating what you DO have instead of always wanting more. See if you can find examples of what you would like to happen, and then discuss the consequences of not getting it immediately. Are you going to let the fact that it may not happen instantly ruin your life now? Take a deep breath; appreciate now and allow it to unfold naturally. You never know, something even better may appear.
From The Principal …… Cont’d

Japanese Day
We had our whole school Japanese Day today. The children participated in Grade activities and attended the drumming incursion which was highly entertaining and very loud. Many children and parents put in a lot of effort creating a costume and the children looked fantastic. Thank you to Mami Sensei for organising the day. Thank you to the parents who assisted with the distribution of the Sushi lunch orders.
AND NOW A WORD FROM MRS RICHARDS

Some amazing programs operate within the school. This week I asked Miss Smith to explain The Genius Hour program that is running in the Grade 5 area.

What is Genius Hour?

Each Tuesday throughout term three, the grade 5s will participate in ‘Genius Hour’. Students are challenged to form their own open ended question and explore a topic they would like to learn about. Genius hour allows students to explore their own passions, encourages creativity and develops higher order thinking skills in the classroom.

What happens each lesson?

During each lesson students will concentrate on one part of their research. The teachers act as a mentor, in that they guide the students and provide support, while encouraging them to make their own decisions. At the conclusion of each session, students fill in their workbook, stating what they achieved, any problems they faced and what their goal for the next session will be.

Final presentations

Towards the end of term students will present their findings to a group of year 5 students. Each student is encouraged to present their findings in an engaging manner. They are able to choose how they would like to present. Some examples of ways to present are: skits, videos, diaries, posters, songs and poems.

What questions have they formed?

Each student has now written their own question which they will continue to research throughout term 3. Some examples of questions formed by our students are:

- How has racism affected Australia since colonisation?
- What would life be like as a famous soccer player?
- How is the world going to stop animal cruelty?
- Is The Bloop real or not and what evidence do we have that it is?
- What types of extreme weather are there and have they changed over time?
WHAT’S HAPPENING?

Prep
Congratulations Prep we are so proud of you for completing 100 Days of School! We had such a fun day celebrating, dressing up and participating in ‘100’ themed activities.

Thank you to all those who have brought their child’s nurse form back. If you haven’t yet please do so ASAP even if you have ticked ‘no’ to an assessment.

There is no show and tell this week as we have Buddies on Friday. Look out for extra reading strategies and this term’s Maths newsletter in the children’s readers in the next few weeks.

Grade 1
We had a fantastic day today celebrating Japanese Day! The children looked great in their different costumes and enjoyed partaking in various Japanese activities throughout the day!

In continuing with our Olympic theme we have been talking about various aspects of the upcoming Olympic Games! Our classrooms will slowly begin to transform into their focus countries, ready for other grades to visit! Grade 1A will become Mexico, 1D the Netherlands and both 1S & 1J will become Kenya.

This week’s CAFÉ reading focus will be ‘Flip the Sound’. As we all know the English language can be a little difficult to grasp as it doesn’t always play by the rules! We use the flip the sound strategy when children come across a word that doesn’t sound right or make sense. They can do this by using their understanding of the multiple sounds that letters and letter combinations can make and flipping the sound until they hear a word that they recognise!

As you may have heard the timetables for terms 3 and 4 have been slightly altered. The changes are as follows: 1S; P.E. Friday, 1A; P.E. Tuesday, 1J: P.E. Tuesday & Music Friday, 1D: P.E. Friday & Music Monday. Please make note of the new P.E. days to ensure your children are wearing their runners!

If you have any questions please contact your child’s teacher!

Grade 2
This week our CAFE focus has been: Comprehension: Ask questions before, during and after reading. Encourage your child to question their own understand and also query what they are reading.

Over the past couple of weeks the Grade 2 children have been learning about money in maths. To continue supporting your child we encourage you to look through catalogues and discuss adding different items, deciding on how much to use and whether or not they would need change.

Grade 2 ..... cont’d
We had a fabulous Japanese Day today, everyone looked the part! Thank you for all the efforts in putting together costumes and outfits.

Have a great week!

Grade 3
Camp was a great success! Thank you so much to the parents who came along and helped. You were fantastic and we really appreciate your assistance.

The children were amazing and their behaviour was well noted by all; including the camp staff who were very impressed by Parkdale students and their manners and overall behaviour. They demonstrated resilience, independence, persistence and organisation just to name a few.

Today we celebrated Japanese Cultural Day. The children all dressed up in Japanese inspired outfits. They enjoyed a sushi lunch, the Japanese Drumming incursion, as well as playing the Tonton Sumo Game in class. The whole school parade was a nice way to wrap up a fantastic day.

‘Tip of the Week’ - ‘School A to Z’ (NSW Department of Education) is a fantastic spelling app for practising spelling words. It is compatible with iPhone, iPad and iPod touch. Simply click on the ‘Spelling Bee’, click on ‘make your own list’, add words, record them in a sentence then practice them as much as you want. Great tip Natalie and Matilda C.!

Grade 4
Our Camp was the first event for this term and we are pleased to report that the weather was kind to us. We had bouts of sunshine and very little drizzle, allowing us to participate in all of the scheduled activities. The camp food was tasty, delicious and plentiful.

Our Movie Night was a hit. We are always very proud of how the Parkdale students conduct themselves when out of the school and this camp was no exception. Camp staff commented on the wonderful manners and behaviour of our students.

A big thank you also to the parents who gave their time and attended camp with us. Much appreciated.

Next Tuesday morning, representatives from the Kingston City Council are coming to talk to the students about recycling waste more effectively and efficiently. Therefore there will be no ROAR on Tuesday morning next week.

Congratulations to the recipients of AR Certificates for this week: Fin D, Grace S, Cooper S and Alex I.
WHAT’S HAPPENING?

Grade 5/6
Our Science focus this term is all about ‘Matter’. The children have been immersed in discovering different substances and voting on the state of matter for each jar.

We have also been busily researching and creating a display for our Australian History Museum. Your child might need to bring some extra material to school for their 3D model.

Next week, the Grade 6 students will have an incursion from Metro Transport which is designed to develop a greater awareness of safe travel on public transport. While on Tuesday, the Grade 5 students will attend an incursion about Waste Recycling organised by the Kingston Council.

Finally, what a fantastic effort all the Grade 5/6 students put into creating such original Japanese costumes. The day was a huge success.

Year 3 & 4 Performing Arts
Students have been busy rehearsing their parts for the plays they have chosen. They now need to gather their costume items and props (if needed).

Each student is responsible for their own character(s). Don’t forget to clearly label their items from home. Students need to bring items to their next lessons - beginning Week 4 (1st August).

Please don’t buy or hire a costume as this unit is about learning their parts and acting. The costume item should symbolise their character (e.g. hat, glasses, coat, wig, etc.)

Thank you …… Ms Meek

Asthma is one of the most common chronic childhood conditions, affecting 1 in every 10 children in Australia. Emergency admissions and hospitalisations peak during the winter for children with asthma and flare-ups are often more prevalent during the winter and spring. However, good management can help children with asthma and their carers get through this tricky time of year with more confidence.

Asthma Week (September 1 - 7) marks the first week of Spring and most people with asthma or allergies need to take extra care. Pollens from grasses, weeds or trees can trigger allergic responses, causing asthma and hay fever to flare-up. Asthma and hay fever are closely linked, and approximately 80% of people with asthma also have hay fever.

About asthma and hay fever:
• treating hay fever can help keep asthma under control
• find out what triggers a student’s hay fever and try to avoid these allergens where possible
• continue to take asthma preventer medication every day as prescribed to reduce the likelihood of hay fever and asthma flare-ups.

DRUM LESSONS
Drum lessons are now available with Trevor Maddicks of TimeWise Music on Mondays during school hours at Parkdale Primary.

If there are any students interested in learning Drums, please email: timewisemusic@optusnet.com.au for an enrolment form. Alternatively, please call Trevor direct on 0404 018 382.
Term 3 is now well and truly underway!

Hope you’ve ordered your tickets for our "Almost Anything Goes" night on August 12th it’s sure to be a blast!

Thank you to everyone who supported our movie night "A Will to Fly" it was a very inspiring movie and I encourage anyone who gets a chance to watch it. A big thank you to Di Astwood for organising the event.

Our next PPA meeting will be held on Wednesday 10th August at 7:30pm in the Staffroom, all welcome.

Samm Hughes President, Julia Broadbent Vice President, Paula Fleming Treasurer and Kate Ashley Secretary.

---

Get better at Japanese by playing with the ZONDLE app!

The ZONDLE app allows Grade 2 and 3 children to play games at home to support their learning. Mami Sensei creates and sets topics on the Japanese alphabet (hiragana) and children play games of their choice. This is a fun way of practicing their hiragana. Students can also view their progress on their page.

How to install ZONDLE on your tablet/smartphone
1. Simply search for ‘zondle’ in the App Store on your phone or iPad.
2. Type student’s username and password for log in. (Students have their own username and password for zondle)
3. Select ‘Topics my teacher has set me’
4. Select any hiragana lines that you would like to practice.
5. Choose a type of game you would like to play.
6. Enjoy!

How to play ZONDLE on PC
1. Visit www.zondle.com
2. Log in with student’s username and password
3. Click ‘games’ on the menu bar on the left side of a screen.
4. Select ‘topics my teacher has set me’
5. Select any hiragana lines that you would like to practice.
6. Choose a type of game you would like to play on the right side of a screen.
7. Enjoy!

*Zondle on tablet and PC have different games.
