

## PARKDALE'S ORCHARD

On Friday 28<sup>th</sup> July our trees for our orchard from Flemmings' Nursery arrived! Students were very excited and spent the first Garden Club digging holes and getting them ready for our new fruit trees. The tree planting day was a huge success with students from all grade involved in the planting of the 24 trees. A MASSIVE THANK YOU goes out to all the parent volunteers for digging, planting and staking the trees. It was a very fun, exciting day and was a wonderful way to celebrate National Tree Planting Day.
