

PARKDALE PRIMARY SCHOOL

eSmart Policy

Aim:

As part of Parkdale Primary School's eSmart vision, we support the rights of all members of the school community to be provided with and engage in a safe, inclusive and supportive learning environment. This extends to the use of digital tools and is underpinned by our expectation of smart, safe and responsible behaviour.

The following documents relate to the eSmart Schools Framework and are in place to ensure the smart, safe and responsible use of digital technologies at Parkdale Primary School. They can be accessed by staff on the school server, as well as the broader school community via the school website:

- Student Engagement and Wellbeing Policy
- Community Code of Conduct
- Welfare and Discipline Policy
- School Concerns and Complaints Policy
- eLearning Policy
- Acceptable Internet Use Policy
- Digital Technologies Agreement
- Anti-Cyber Bullying Policy

GUIDELINES:

Staff at Parkdale Primary School have the responsibility to ensure that:

- They are familiar with the documents listed above and that the policies and code of conduct are in use for technology while on school premises.
- Their students are familiar with the relevant documents listed above and are aware of the reporting procedures and consequences for inappropriate use of technology while on school premises.
- The Digital Technologies committee will focus on sustaining eSmart, through the Framework's six domains:
 1. Effective school organization
 2. School plans, policies and procedures
 3. A respectful and caring school community
 4. Effective teacher practices
 5. An eSmart curriculum
 6. Partnerships with parents and the local community

EVALUATION:

This policy will be submitted to School Council at their first meeting in 2017.
